ENGINEER-IN-CHIEF'S OFFICE (Radio Branch),
(G.P.O.), ARMOUR HOUSE,
LONDON, E.C.1.

27. August, 1938.

Dear Sir,

Experiments in Wireless.

With reference to your ^{son's} letter of the 24th August, I am to ask for the following information in order that ^{his} your application for radiating facilities may be fully considered :-

1. Details shewing the stage which experiments with sending apparatus have reached and particulars of results achieved.
2. Particulars of any experience that has been obtained in the use of frequency measuring apparatus and methods it is proposed to adopt either in measuring accurately the frequencies to be used for transmission or in checking the effectiveness of control by a piezo-electric crystal.
3. Further particulars of the experimental work for which radiating facilities are considered essential and detailed information concerning the methods to be adopted in carrying out the experiments.

Yours faithfully,

for Engineer-in-Chief.
